

Our Offices

Le Centre de Domiciliation de l'Entreprise offers offices for rent in Casablanca, fully furnished and well equipped with telephone and broadband Internet access for short or long period.

You choose the equipped office that seems suitable to you with the organization and the number of posts that you could possibly need.

This service offers all the facilities of an office, office furniture, telephone reception, Internet, computer equipment, including printer, copier, fax, and all software of basic need.

This program provides one or more offices, integrated into a complete infrastructure. These offices can be supplied on short, medium or long term with or without furniture but with an IT solution to meet your specific needs. Everything is available in our business centre.

The program "office rentals" also provides an opportunity for small and medium-sized "business units" to benefit from many advantages in terms of flexibility, speed development and getting adaptable with market changes. It also avoids embarking on long lease contracts, in the usual furnishing of a company - a fully equipped office financially advantageous.

Concentrate on your business, and we do the rest. The flexibility of our services and our contracts allows you to simply evolve within our structure according to your needs. Our hostesses are present to help in the good progress of the working sessions. You can also take advantage of our service of secretarial department to optimize your working time.
